If there are any descendants of Blanche Seaman Brown-Sprague present I give to them these two small packages. With much love & greeting. The photographs are of myself. I wish them to know that I am a descendant of Miles Standish - John & Priscilla Alden - also William Mullen all of "May-Flower" fame through my maternal grandmother, Electa Bingham Chandler Kelly. My colonial papers I shall leave with my "will" to my two children- Munro Seaman Brown & Blanche Seaman Sprague - So you may have no trouble in hunting up any records you may wish to establish. With much love and greeting.
