Colorado College Information (When, Why, How You Came to Colorado College)

came in 1959 because of the jobs available at the moment it was the best. although then wife was from Colorado, that fact did not influence our coming to CC.

Career History

teaching anthropology at CC is the only real job I ever had. Filled in for colleagues twice at Franklin & Marshall (spring semesters, 1958 and 1959), and once at Stanford (summer 1964). Taught 8th grade history and English at W.K. Kellogg Jr. High School, spring semester 1952. Otherwise washed dishes for a living, and worked as busboy.

Published Books, Articles, if Applicable

What an anti-intellectual bias! The form assumes that we all have civic and social organizations, but only guesses that maybe we've published anything. CC needs to pull its socks up. (See attached sheets from vita.)
